A Word to Doubters.

A Word to Doubters.

There is a cood del English maxim that teaches us to "believe every man honest until we know him to be a villai." American custom seems to have reversed this law and appears to make every man a villain until he has proved himself an ion est man. As with people, so with things. Every article placed in our markets can lay claim to popular favor mon intrinsic merit and value abine. Continued popularity, herefore, is proof positive of intrinsic excellence. Dr. Piece's Family Remedies re far more popular to-day than ever before. The people have tested them and know them to be genuline remedies for the diseases they are recommended to cure. The Golden Medical biscovery and Purgative Pelies are the best alterative, tonic, and custartic remidles that can be used in chronic diseases of the stomach and liver. The world wide popularity of the Favorite Prescription, as a never falling remedy for female diseases, would have alone secured to its discoverer the fame he has so richly won. Dr. Sage's Caturch Remedy, of which Dr. Perce is also proprietor, is recommended by those who have tested its virtues as a safe and reliable remedy for catarrh in its worst forms.

Food Ili-Digested Imperfectly nourishes the system, since it is only partially assimilated by the blood. Pale, haggard mortals, with dyspeptic stomachs, impoverished cifculation and weak nerves, experience a marked and rapid improvement in their physical condition by availing themselves of that sure resource of the sick and debilitated. Hostetter's Stomach Bitters. This genial tonic and altera-tive lends an impetus to the processes of diestion which insures an adequate develop-ment of the materials of blood, fiber and ment of the materials of blood, fiber and muscular tissue. Moreover, it soothes and strengthens overwrought or weak nerves, counteracts a tendency to hypechondria or despondency, to which dyspeptic and bilious people are peculiarly liable, and is an aggreeable and wholesome appetizer and promoter of repose. The infirmities of age, and of delicate female constitutions, are greatly relieved by it; and it is a reliable preventive of, and remedy for, malarial fevers.

I have for many years past used in my own family, and recommended to the families of my congregation, as the best remedy I know of for coughs, colds and inciplent consumption, Dr. Jayne's Expectorant, and also Jayne's Sanative Pills as a remedy for costiveness, billiousness and impurity of the blood. My confidence in the great value of these medicines increases the longer I use them and observe their wonderful health-restoring effects. They have given universal satisfaction in all the families to whom I have recommended them.—[Rev. Dr. Dowling, late Pastor of Berean Baptist Church, New York.
